EASTERN KENTUCKY UNIVERSITY DIVERSITY PLANNING COUNCIL

The Eastern Kentucky University Diversity Planning Council was established during the fall semester of 2011. The primary goal of the Diversity Planning Council is to provide counsel to the Associate Provost for Diversity Planning. The objectives of the Diversity Planning Council are as follows: 1) develop and provide oversight of the Eastern Kentucky University Comprehensive Diversity Plan; 2) review on-going University programs and policies for diversity initiative; 3) assess the University's progress toward achieving the goals of the Eastern Kentucky University Comprehensive Diversity Plan; and 4) review funding for diversity initiatives.

The membership of the Diversity Planning Council is representative of diversity as it exists within the University. The members are faculty, staff, and students that are representatives from academic and non-academic units of the University.

EXECUTIVE SUMMARY

Eastern Kentucky University (EKU) has been a leading force in diversity planning for more than two decades and has received awards and recognition throughout the country and internationally for its diversity initiatives. The University's on-going commitment to diversity has continued through the charge given by the President of Eastern Kentucky University to the Associate Provost for Diversity Planning for developing the Eastern Kentucky University Comprehensive Diversity Plan (Plan/EKU Comprehensive Diversity Plan). The Diversity Planning Council (DPC) was created by the Associate Provost for Diversity Planning to complete this task. The DPC has an inclusive membership that is a diverse body representing the various units within EKU. In addition to providing leadership in the development of the EKU Comprehensive Diversity Plan, the DPC will implement and assess the University's progress toward achieving the goals of the Plan.

The University recognizes the role of diversity in fulfilling its mission. Diversity is fundamental to critical thinking and thus enhances what we learn, how we interact with others, and how we participate as citizens in a global community.

The EKU Comprehensive Diversity Plan will facilitate the University's commitment to diversity. Additionally, the Plan has been developed to align with the University's 2011-15 Strategic Plan, the 2011-15 Kentucky Council on Postsecondary Education (CPE) Strategic Agenda, and the 2011-15 Kentucky Public Postsecondary Education Diversity Policy and Framework for Institution Diversity Plan Development (Diversity Policy).

The Diversity Policy which was developed by the CPE on behalf of its Committee on Equal Opportunities (CEO) in partnership with the public institutions provides the framework for the development of all public postsecondary institution's diversity plans. The EKU Comprehensive Diversity Plan was developed within this framework while putting the University's historical commitment to diversity to the forefront of the Plan.

CPE Diversity Policy:

It is the policy of the CPE that to truly prepare students for life and work in an increasingly diverse society the public postsecondary institutions within the Commonwealth shall embrace diversity within constitutional and legal parameters, seek to reflect that diversity in their student body and workforce, and commit to eliminate achievement gaps among all students. This policy is the expression of a vital governmental interest, but does not compel or advocate racial balancing or the establishment of quotas.

CPE Institutional Diversity Planning:

To implement this policy, the CPE requires that each public institution submit to CPE for approval a campus-based diversity plan which shall set forth specific strategies that promote diversity and measurable goals that reflect institutional demographics in comparison to population. Nothing in this policy shall be construed as a requirement that institutions attain and/or maintain specific percentages of minority group enrollment. The campus-based diversity plans will, at a minimum, address four areas: 1) student body diversity that reflects the diversity of the Commonwealth or the institution's service area, 2) achievement gaps, 3) workforce diversity, and 4) campus climate. The plans will be developed using a framework which includes guiding principles, commitments, and action statements that will assist institutions as they develop or refine their own diversity plans. Institutional plans shall be narrowly tailored so as to further those areas of interest set forth above. Each campus-based plan shall:

- Assure consistency with system wide and institutional diversity policies and practices.
- Describe diversity and equal opportunity for students, faculty, administrators, and staff in action plans that address the campus environment.
- Implement a system of institutional accountability by using metrics that are specific and measurable.
- Recognize that equal opportunity is essential to all members of the campus communities.
- Preserve broad access to high quality postsecondary education opportunities.

EASTERN KENTUCKY UNIVERSITY COMPREHENSIVE DIVERSITY PLAN

INTRODUCTION

The EKU Comprehensive Diversity Plan is a document which has been strategically aligned with the University's Strategic Plan, the CPE Strategic Agenda, and the Diversity Policy. The Plan is designed to prepare the University community for a global society. We believe that it is the duty of Eastern Kentucky University to promote an understanding of the benefits of higher education and social justice to the citizens of southeastern Kentucky, the Commonwealth of Kentucky, the nation, and the world. An emphasis on civic responsibility teaches our students the value of democratic decision-making, participatory democracy, and active citizenship. At the heart of civic responsibility lies another value: civility. The University community strives for civility in public discourse and social life and encourages democratic conflict resolution through reason and public debate.

2011-2015 UNIVERSITY STRATEGIC PLAN

MISSION STATEMENT

As a comprehensive public institution, Eastern Kentucky University prepares students to lead productive, responsible, and enriched lives. To accomplish this mission, the University emphasizes: 1) student success; 2) regional stewardship; and 3) critical and creative thinking and effective communication.

VALUES

Eastern Kentucky University values

- *intellectual vitality*, which is characterized by knowledge, scholarly inquiry, creativity, critical thinking and curiosity;
- *sense of community*, which is characterized by a supportive environment with strong relationships and a commitment to service, shared governance, collaboration, and unity of purpose;
- *diversity*, which is characterized by equitable opportunities and treatment, mutual respect, and the inclusion and celebration of diverse peoples and ideas;
- *stewardship of place*, by which the University enhances the intellectual capacity, economic vitality, environmental sustainability, and quality of life of the communities it serves;
- *accountability*, which is characterized by fiscal responsibility and responsiveness to the needs of internal and external stakeholders; and
- *excellence*, which is achieved through integrity, continuous quality improvement, and a focused emphasis on the personal and professional growth of students, faculty, and staff.

VISION

Eastern Kentucky University will be an accessible, nurturing, and academically rigorous center of learning and scholarship that transforms lives and communities and enables them to adapt and succeed in a dynamic, global society.

Goal 3: Create and maintain an inclusive, equitable, and diverse environment

Strategic Direction:

3.1: Improve recruitment and retention of diverse students, faculty, staff, and University administrators.

- Develop and implement the University Plan for Diversity.*
- The number of diverse new college-ready freshmen, transfers, graduate students, and new faculty and staff hires will increase.*
- The freshman to sophomore retention rate of diverse students will increase.*
- Diverse faculty/staff retention will increase.*
- International enrollment will increase.*

*All metrics will be in alignment with the EKU Comprehensive Diversity Plan.

Strategic Direction:

3.2: Build a climate of respect for diversity, inclusion, and equity, including the enhancement of multicultural and international experiences.

Student, faculty and staff responses to the campus climate survey will show:

- A climate supportive of diversity.
- A positive perception of University efforts to enhance a climate supportive of diversity.
- Multicultural and international experiences will be enhanced, as reflected in NSSE results.

UNIVERSITY DIVERSITY DEFINITION

Eastern Kentucky University is a community that respects and celebrates diversity, which includes, but is not limited to race, ethnicity, religion, socio-economic status, gender, sexual orientation, disabilities, and cultural or national backgrounds, in pursuit of common unity.

PLANNING

The University honors the present diversity definition. However, the University acknowledges the need for continued evaluation of the definition and to expand its scope and focus as necessary, with approval by the EKU Board of Regents. Ongoing efforts will continue to be in

alignment with the University's 2011-15 Strategic Plan as discussions are focusing upon possible expansion of the diversity definition to include, but not limited to, age, military status, social justice, and international campus representation. Future ECU Diversity Plan opportunities may include outreach opportunities in the area of regional stewardship to promote and enhance diversity issues in the region.

ACCOUNTABILITY

In compliance with the 2011-15 Kentucky Public Postsecondary Education Diversity Policy and Framework for Institution Diversity Plan Development, the Eastern Kentucky University Comprehensive Diversity Plan will address four areas: 1) student body diversity that reflects the diversity of the Commonwealth or the institution's service area; 2) student success/achievement gaps; 3) workforce diversity; and 4) campus climate.

GOALS

The goals of the ECU Comprehensive Diversity Plan are aligned with the Diversity Policy and the following areas at a minimum will be addressed:

- I. Student Body Diversity
 - A. Undergraduate student enrollment
 - B. Graduate student enrollment

- II. Student Success
 - A. Student retention
 - B. Graduation rates
 - C. Degrees conferred
 - D. Credentials conferred

- III. Workforce Diversity
 - A. Faculty
 - B. Staff
 - C. Executive/Administrative/Managerial

- IV. Campus Climate (written report submitted by institutions)
 - A. Campus Environment Team
 - B. Comprehensive assessment of strategies and best practices implemented in support of the institutional and KCTCS diversity plans
 - C. Employment retention and promotion

CPE PERFORMANCE METRICS AND ASSESSMENT

Using data analysis and gap analysis, institutional performance in each strategic area will be measured to establish the status of each institution toward achieving the objectives of the diversity policy and campus diversity plan. Nothing in this policy shall be construed as a requirement that institutions attain and/or maintain specific percentages of minority group enrollment or employment. Instead, each institution will be assessed according to its implementation of specific strategies designed to achieve, within established constitutional parameters, diverse populations among students, faculty, and staff.

EKU PERFORMANCE METRICS AND ASSESSMENT

In the ECU Comprehensive Diversity Plan, two measures are presented. The “EKU Comprehensive Diversity Plan Target” sets forth the target and reporting as required by the Diversity Policy and 13 KAR 2:060.

The “EKU Analysis and Target” sets forth the institutional parameters for annual assessment of the ECU Comprehensive Diversity Plan. These assessments will form the basis for determining the achievement of the objectives identified in the ECU Comprehensive Diversity Plan and the ECU Strategic Plan.

STUDENT BODY DIVERSITY

Many students have not experienced global diversity. In order for our students to compete in a global society, it is imperative that ECU, as an institution of higher learning, provide opportunities for our students to learn, live, and thrive in a diverse environment. Therefore, we are committed as an institution to enhance their learning and living experience through the provision of diversity programs, services, and educational opportunities both in and outside of the classroom.

Undergraduate Student Enrollment, Graduate Student Enrollment, and International Student Enrollment:

EKU Diversity Plan Goal 1:

Increase enrollment of diverse students.

Strategic Direction:

1.1: Increase undergraduate, graduate, and international student diversity enrollment.

Key Performance Indicator:

1.1.1: The University will increase the undergraduate student diversity enrollment, including new college-ready freshmen and transfers.

Action Plan:

- Enrollment data for diverse undergraduate students will be collected on an annual basis at both the University and College levels, and information regarding diversity enrollment trends will be analyzed by the Office of Institutional Effectiveness and the Office of Institutional Research and distributed to the appropriate units.
- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

Measures:

- First year student diversity enrollment
- Transfer student diversity enrollment
- Undergraduate student diversity enrollment

Key Performance Indicator:

1.1.2: The University will increase the graduate student diversity enrollment.

Action Plan:

- Enrollment data for graduate students will be collected on an annual basis at both the University and College levels, and information regarding diversity enrollment trends will be analyzed by the Office of Institutional Effectiveness and the Office of Institutional Research and distributed to the appropriate units.
- The appropriate units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

Measures:

- Graduate student diversity enrollment in comparison to the diverse population of the service region
- Graduate student diversity enrollment in comparison to the diverse population of the Commonwealth

Key Performance Indicator:

1.1.3: The University will increase cultural diversity by increasing the enrollment of international students.

Action Plan:

- Enrollment data for international students at the graduate and undergraduate levels will be collected on an annual basis at both the University and College levels, and information regarding diversity enrollment trends will be analyzed by the Office of Institutional Effectiveness and the Office of Institutional Research and distributed to the appropriate units.
- The appropriate units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.
- The Diversity Planning Council will recommend to the Strategic Planning Council and Financial Planning Council to consider reducing the out-of-state tuition multiplier to make ECU more economical for international students.
- The Diversity Planning Council will recommend to the Strategic Planning Council and Financial Planning Council to consider improvements to the infrastructure of the International Education Office.

Measures:

- Undergraduate international student enrollment
- Graduate international student enrollment

ECU Comprehensive Diversity Plan Target for Undergraduate Enrollment:

- The University will annually increase through 2015 undergraduate student diversity enrollment by the aggregate of students self-identified as Black or African American, American Indian or Alaskan Native, Hispanic or Latino, and Native Hawaiian or Other Pacific Islander in Fall 2010 plus one diverse student.
- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

ECU Analysis and Target for Undergraduate Enrollment:

ECU analysis and target are based upon undergraduate student diversity enrollment, with Fall 2010 serving as baseline for the data. These assessments will form the basis for the institution to determine the achievement of the objectives of the ECU Comprehensive Diversity Plan and the ECU Strategic Plan.

- The University will annually increase through 2015 undergraduate student diversity enrollment by the aggregate of all undergraduate student diversity enrollment in Fall 2010 plus two diverse students.
- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

- The representation of Black, Non- Hispanic students eligible for enrollment in the ECU Service Region is 10,123 / 2.2%. ECU African American undergraduate enrollment is 825 / 5.7%. The ECU enrollment numbers and percentages are better than the ECU Service Region; therefore, it is necessary to maintain this status while closing the gap with the Commonwealth numbers and percentage, 241,115 / 7.3%. Therefore, it is the target to maintain this status with the minimum target to annually increase through 2015 undergraduate student diversity enrollment by the aggregate of all undergraduate student diversity enrollment in Fall 2010 plus two diverse students.
- The representation of American Indian or Alaskan Native students eligible for enrollment in the ECU Service Region is 1,018 / 0.2%. ECU American Indian or Alaskan Native, Non-Hispanic student undergraduate enrollment is 71 / 0.5%. The ECU enrollment numbers and percentages are better than the ECU Service Region and the Commonwealth numbers and percentage, 6,972 / 0.2%. Therefore, it is the target to maintain this status with the minimum target to annually increase through 2015 undergraduate student diversity enrollment by the aggregate of all undergraduate student diversity enrollment in Fall 2010 plus two diverse students.
- The representation of Hispanic or Latino students eligible for enrollment in the ECU Service Region is 5,609 / 1.2%. ECU Hispanic or Latino student undergraduate enrollment is 247 / 1.7%. The ECU enrollment numbers and percentages are better than the ECU Service Region. Therefore, it is necessary to maintain this status while closing the gap with the Commonwealth numbers and percentage, 82,887 / 2.5% with the minimum target to annually increase through 2015 undergraduate student diversity enrollment by the aggregate of all undergraduate student diversity enrollment in Fall 2010 plus two diverse students.
- The representation of Native Hawaiian or Other Pacific Islander student eligible for enrollment in the ECU Service Region is 69 / 0.0%. ECU Native Hawaiian or Other Pacific Islander undergraduate enrollment is 21 / 0.1%. The ECU enrollment number percentages are better than the ECU Service Region and the Commonwealth numbers and percentages, 69 / 0.0%. Therefore, it is the target to maintain this status with the minimum target to annually increase through 2015 undergraduate student diversity enrollment by the aggregate of all undergraduate student diversity enrollment in Fall 2010 plus two diverse students.
- The representation of Asian students eligible for enrollment in the ECU Service Region is 1,718 / 0.4%. ECU undergraduate enrollment is 132 / 0.9%. The ECU enrollment number and percentages are better than the ECU Service Region. Therefore it is necessary to maintain this status while closing the gap with the Commonwealth numbers and percentage, 35,428 / 1.1% with the minimum target to annually increase through 2015 undergraduate student diversity enrollment by

the aggregate of all undergraduate student diversity enrollment in Fall 2010 plus two diverse students.

- The representation of Two or More race students eligible for enrollment in the ECU Service Region is 3,557 / 0.8%. ECU undergraduate enrollment is 301 / 2.1%. The ECU enrollment number and percentages are better than the ECU Service Region and the Commonwealth numbers and percentages, 28,883 / 0.9%. Therefore, it is the target to maintain this status with the minimum target to annually increase through 2015 undergraduate student diversity enrollment by the aggregate of all undergraduate student diversity enrollment in Fall 2010 plus two diverse students.
- There is no representation of Nonresident Alien students eligible for enrollment in the ECU Service Region or the Commonwealth. The ECU undergraduate enrollment is 136 / 0.9%. Therefore, it is the target to maintain this status with the minimum target to annually increase through 2015 undergraduate student diversity enrollment by the aggregate of all undergraduate student diversity enrollment in Fall 2010 plus two diverse students.

ECU Comprehensive Diversity Plan Target for Graduate Enrollment:

- The University will annually increase through 2015 graduate student diversity enrollment by the aggregate of graduate students self-identified as Black or African American, American Indian or Alaskan Native, Hispanic or Latino, and Native Hawaiian or Other Pacific Islander in Fall 2010 plus one diverse student.
- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

ECU Analysis and Target for Graduate Enrollment:

ECU analysis and target are based upon graduate student diversity enrollment, with Fall 2010 serving as baseline for the data. These assessments will form the basis for the institution to determine the achievement of the objectives of the ECU Comprehensive Diversity Plan and the ECU Strategic Plan.

- The University will annually increase through 2015 graduate student diversity enrollment by the aggregate of all graduate student diversity enrollment in Fall 2010 plus two diverse students.
- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

- The representation of Black, Non-Hispanic students eligible for enrollment in the ECU Service Region is 10,123/ 1.2%. ECU African American graduate enrollment is 110/ 5.1%. The ECU enrollment percentages are better than the ECU Service Region. Therefore, it is necessary to maintain this status while closing the gap with the Commonwealth numbers and percentage, 241,115/ 7.3% with the minimum target to annually increase through 2015 graduate student diversity enrollment by the aggregate of all graduate student diversity enrollment in Fall 2010 plus two diverse students.
- The representation of American Indian or Alaskan Native students eligible for enrollment in the ECU Service Region is 1,018 / 0.2%. ECU American Indian or Alaskan Native, Non-Hispanic student graduate enrollment is 8 / 0.4%. The ECU enrollment number and percentages are better than the ECU Service Region and the Commonwealth number and, 1,018/ 0.2%. Therefore, it is necessary to maintain this status with the minimum target to annually increase through 2015 graduate student diversity enrollment by the aggregate of all graduate student diversity enrollment in Fall 2010 plus two diverse students.
- The representation of Hispanic or Latino students eligible for enrollment in the ECU Service Region is 5,509/1.2%. ECU Hispanic or Latino student graduate enrollment is 35/ 1.6%. The ECU enrollment percentages are better than the ECU Service Region. Therefore, it is necessary to maintain this status while closing the gap with the Commonwealth numbers and percentage, 82,887/ 2.5% with the minimum target to annually increase through 2015 graduate student diversity enrollment by the aggregate of all graduate student diversity enrollment in Fall 2010 plus two diverse students.
- The representation of Native Hawaiian or Other Pacific Islander student eligible for enrollment in the ECU Service Region is 69/ 0.0%. ECU Native Hawaiian or Other Pacific Islander graduate enrollment is 0.0%. The ECU enrollment percentage is the same as the ECU Service Region and the Commonwealth, 0.0%; therefore there is no gap. Furthermore based upon the insufficient numbers in our Service Region, the Commonwealth and current 0 enrollments in the baseline graduate data (2010) no measurements are required for this population. The minimum target is to attempt to increase through 2015 graduate student diversity enrollment by the aggregate of all graduate student diversity enrollment in Fall 2010 plus two diverse students.
- The representation of Asian students eligible for enrollment in the ECU Service Region is 1,718 / 0.4%. The ECU graduate enrollment number and percentage is

25 / 1.2%. The ECU enrollment number and percentage is better than the ECU Service Region and the Commonwealth number and percentage, 35,428 / 1.1%. There is no gap. The minimum target is to increase through 2015 graduate student diversity enrollment by the aggregate of all graduate student diversity enrollment in Fall 2010 plus two diverse students.

- The representation of Two or More race students eligible for enrollment in the ECU Service Region is 3,557 / 0.8%. ECU graduate enrollment is 20 / 0.9%. The ECU enrollment number and percentages are better than the ECU Service Region and are equivalent to the Commonwealth numbers and percentages, 28,883 / 0.9%. Therefore, it is the target to increase this status with the minimum target to annually increase through 2015 graduate student diversity enrollment by the aggregate of all graduate student diversity enrollment in Fall 2010 plus two diverse students.
- There is no representation of Nonresident Alien students eligible for enrollment in the ECU Service Region or the Commonwealth. The ECU graduate enrollment is 53 / 2.4%. Therefore, it is the target to maintain this status with the minimum target to annually increase through 2015 graduate student diversity enrollment by the aggregate of all graduate student diversity enrollment in Fall 2010 plus two diverse students.

ECU Analysis and Target for International Student Enrollment:

ECU analysis and target are based upon international student enrollment, with Fall 2010 serving as a baseline for the data. These assessments will form the basis for the institution to determine the achievement of the objectives of the ECU Comprehensive Diversity Plan and the ECU Strategic Plan.

- The University will annually increase through 2015 international student diversity enrollment by the aggregate of international student diversity enrollment in Fall 2010 plus two diverse students.
- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

STUDENT SUCCESS

The ECU community acknowledges that its students, faculty, staff, and alumni are the source of its strength. They determine the spirit, eminence, and efficacy of the institution. The future of ECU directly hinges on the success of its students, so our most central value is “student success”-- in the classroom, at work, and on the world stage where students will represent the collective efforts of the ECU community.

Student Retention, Graduation Rates, Degrees Conferred, and Credentials Conferred:

EKU Diversity Plan Goal 2:

Increase retention, graduation rates, degrees and credentials conferred to diverse students.

Strategic Direction:

2.1: Increase the retention, graduation rates, degrees, and credentials conferred to diverse students.

Key Performance Indicator:

2.1.1: The University will increase the freshman to sophomore retention rates of student diversity enrollment.

Action Plan:

- Retention data for first-time first-year student diversity enrollment will be collected on an annual basis at both the University and College levels and will be analyzed by the Office of Institutional Effectiveness and Office of Institutional Research and distributed to the appropriate units.
- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

Measures:

- University and College level retention data
- Data for this KPI has not been assessed by the institution in previous years. Benchmark has now been established.

EKU Comprehensive Diversity Plan Target for Sophomore Retention Rates:

- The University will annually increase through 2015 freshman to sophomore student diversity retention rates by the aggregate of students self-identified as Black, Non-

Hispanic, American Indian or Alaskan Native, Hispanic or Latino, and Native Hawaiian or Other Pacific Islander in Fall 2010 plus one diverse student.

- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.

EKU Analysis and Target for Sophomore Retention Rates:

EKU analysis and target are based upon the retention of diverse students, with Fall 2010 serving as baseline for the data. These assessments will form the basis for the institution to determine the achievement of the objectives of the ECU Comprehensive Diversity Plan and the ECU Strategic Plan.

- The University will annually increase through 2015 freshman to sophomore retention rates by the aggregate of all freshmen to sophomore diverse student retention rates in Fall 2010 plus two diverse students.
- The appropriate Planning Units within Academic Affairs and Student Affairs will meet annually to review the data and develop strategies to address areas of concern.
 - The Black, Non-Hispanic student retention rate for the fall 2008 cohort for the first year is 95/154 - 61.7%, second year 65/154 – 42.2% and the fall 2009 cohort is 123/175 - 70.3%. Therefore, the minimum target is to annually increase through 2015 the student diversity retention rate by the aggregate of all diverse student retention rates in Fall 2010 plus two diverse student.
 - The American Indian or Alaskan Native student retention rate for the fall 2008 cohort for the first year is 5/10 - 50%, second year 2/10 - 40% and the fall 2009 cohort is 10/13 -76.9%. Therefore, the minimum target is to annually increase through 2015 the student diversity retention rate by the aggregate of all diverse student retention rates in Fall 2010 plus two diverse students.
 - The Hispanic student retention rate for the fall 2008 cohort for the first year is 17/28 - 60.7%, second year 11/28 – 39.3% and the fall 2009 cohort is 17/29 - 58.6%. Therefore, the minimum target is to annually increase through 2015 the student diversity retention rate by the aggregate of all diverse student retention rates in Fall 2010 plus two diverse students.
 - The Native Hawaiian / Pacific Islander are represented by the Asian or Pacific Islander student and therefore we do not have a true representation for Native Hawaiian / Pacific Islander and cannot provide a retention rate until we establish baseline data. Therefore, the minimum target is to annually increase through 2015 the student diversity retention rate by the aggregate of all diverse student retention rates in Fall 2010 plus two diverse students.

- The Asian student retention rate for the fall 2008 cohort for the first year is 15/19 – 78.9%, second year 11/19 – 57.9% and the fall 2009 cohort is 18/24 – 75.0%. Therefore, the minimum target is to annually increase through 2015 the student diversity retention rate by the aggregate of all diverse student rates in Fall 2010 plus two diverse students.
- Two or More Races baseline data currently does not exist and a retention rate cannot be provided for this reason. Therefore, the minimum target is to annually increase through 2015 the student diversity retention rate by the aggregate of all diverse student rates in Fall 2010 plus two diverse students.
- The Nonresident Alien rate for the fall 2008 cohort for the first year is 3/5 – 60.0%, second year 2/5 – 40.0%, and the fall 2009 cohort is 5/8 – 62.5%. Therefore, the minimum target is to annually increase through 2015 the student diversity retention rate by the aggregate of all diverse student rates in Fall 2010 plus two diverse students.

Key Performance Indicator:

2.1.2: The University will increase the six-year graduation rates for the diverse student population.

Action Plan:

- Six-year graduation data for first-time first year diverse students will be collected on an annual basis at both the University and College levels and will be analyzed by the Office of Institutional Effectiveness and Office of Institutional Research and distributed to the appropriate units.
- The appropriate Planning Units will meet with the Associate Provost for Diversity Planning annually to review the data and develop strategies to address areas of concern.

Measures:

- University and College level graduation data.

- It is the target to increase the six year graduation rate of Asian students with the minimum target to annually increase through 2015 the six year diverse student graduation rates by the aggregate of all diverse student in Fall 2010 plus two diverse students.

- After the establishment of the baseline data for Two or More Races the target is to increase the six year graduation rate of Two or More Races with the minimum target to annually increase through 2015 the six year diverse student graduation rates by the aggregate of all diverse student in Fall 2010 plus two diverse students.
- After the establishment of the baseline data for Nonresident Alien the target is to increase the six year graduation rate of Two or More Races with the minimum target to annually increase through 2015 the six year diverse student graduation rates by the aggregate of all diverse student in Fall 2010 plus two diverse students.

Key Performance Indicator:

2.1.3: The University will increase the number of degrees awarded to the diverse student population.

Action Plan:

- Data on the number of degrees awarded for diverse students will be collected on an annual basis at both the University and College levels and will be analyzed by the Office of Institutional Effectiveness and Office of Institutional Research and distributed to the appropriate units.
- The appropriate Planning Units will meet with the Associate Provost for Diversity Planning annually to review the data and develop strategies to address areas of concern.

Measures:

- University level undergraduate degrees awarded

to determine the achievement of the objectives of the ECU Comprehensive Diversity Plan and the ECU Strategic Plan.

- The University will annually increase through 2015 the number of degrees awarded to diverse student population by the aggregate of all diverse students in Fall 2010 plus two diverse students.

WORKFORCE DIVERSITY

Members of the ECU community expect one another to reflect high principles and professional standards both inside and outside of the University setting. We honor and pursue a University community that respects and supports the diversity of people, acknowledges all individuals, and prohibits decrees and discriminations based on race, ethnicity, age, religion, socioeconomic status, gender, sexual orientation, disabilities, and military status.

Faculty, Other Professional Staff, and Executive/Administrative/Managerial Staff:

EKU Diversity Plan Goal 3:

Build and sustain the University's capacity for excellence through recruitment and retention of diverse faculty, other professional staff and executive/administrative/managerial staff.

Strategic Direction:

3.1: Increase representation of diverse faculty, other professional staff, and executive/administrative/managerial staff through recruitment efforts.

Key Performance Indicator:

3.1.1 – The University will increase the representation of diverse faculty through recruitment efforts to attract qualified diverse candidates.

Action Plan:

- Office of Public Relations will create media products to signify ECU's commitment to diversity and to recruit qualified diverse candidates.
- Planning Units will develop a recruitment plan designed to attract a qualified pool of diverse faculty candidates. A Reporting Unit may develop a recruitment plan, appropriate for its discipline, with the plan being approved by the head of the appropriate Planning Unit.

Measures:

- Number of media products created
- Number of hits on ECU website
- Number of Planning Units with a recruitment plan on file with the Office of the Associate Provost for Diversity Planning
- Number of Reporting Units with a recruitment plan on file with the Planning Unit

Key Performance Indicator:

3.1.2 - The University will increase the number of diverse faculty based upon hiring the best qualified candidate with consideration of the positive impact of improving workplace diversity.

Action Plan:

- Prior to implementing a faculty search, the Department Chair and search committee will complete recruitment, selection, and diversity training provided by the Office of the Associate Provost for Diversity Planning and the University Equal Opportunity Office.

Measures:

- Number of diverse candidates for faculty positions will increase
- Number of diverse faculty hires will increase
- Number of members of the search committee who have completed diversity awareness training.
